## PROFESSIONAL SUMMARY

Motivated and detail-oriented software developer with 2.5 years of experience in AI development, front-end development, and Java full-stack development. Proficient in designing, developing, and deploying web applications using modern technologies such as React.js, Node.js, and Spring Boot. Skilled in problem-solving, optimizing workflows, and collaborating in cross-functional teams.

---

## TECHNICAL SKILLS

Front-End Technologies: HTML, CSS, JavaScript, React, Angular

Programming Languages: Java, Python, C, C++

Backend Technologies: Node JS, Express JS, Spring Boot

AI & Automation Tools: Yellow AI, Kore AI, Power Apps

Database: SQL

Platforms: ServiceNow, AWS

Visualization Tools: Power BI

---

## CERTIFICATIONS

- AWS Foundation level certificate, Issued by Amazon, 2023.
- 

## WORK EXPERIENCE

Tata Consultancy Services (TCS)

Role: AI Developer | Front-end Developer | Java Full Stack Developer

Duration: 21 Feb 2022– 18 Jun 2024

### AI Development

- Collaborated with teams to design AI models and implement machine learning algorithms.
- Automated workflows using predictive analytics, reducing task completion time.

## Front-End Development

- Built dynamic and responsive user interfaces using React.js, HTML, CSS, and JavaScript.
- Enhanced web performance, reducing page load time.

## Java Full-Stack Development

- Developed RESTful APIs using Spring Boot and integrated them with front-end systems.
- Enhanced backend workflows, boosting overall efficiency.
- Conducted code reviews, optimized existing solutions, and implemented unit and integration testing to maintain high-quality standards.

---

## PROJECTS

### Professional Experience

#### AI Developer

#### IA Automation Project

- Developed AI solutions using Yellow AI and Kore AI tools to automate and enhance processes.
- Collaborated with the team to design, develop, and deploy AI-driven applications.

#### Enento AI Development Project

- Built AI systems utilizing Azure, JavaScript, Angular.js, TypeScript, Node.js, and Express.js.
- Worked closely with teammates to create and implement scalable AI solutions.

---

### SME – Automation Team

#### Toyota Financial Services Project

- Served as the Subject Matter Expert (SME) within the automation development team.
- Maintained project documentation and ensured accuracy and completeness.
- Monitored team performance, guided teammates, and contributed to project development.

---

## EDUCATION

B.E. Mechanical Engineering

Velalar College of Engineering and Technology, Erode | [2021]
